Introduction to the New Teaching Complex

Construction works for the New Teaching Complex will soon begin. Apart from 20 classrooms equipped with state-of-the-art educational technology, the Complex will boast a new School Hall, a Black Box Theatre, a fitness centre, an innovative classroom and a student activity centre, among other facilities. Stay tuned for more updates!

People, Book, Land Premiere

In collaboration with the Simon Wiesenthal Centre, St Stephen's College hosted a historical exhibition entitled "People, Book, Land: The 3500 Year Relationship of the Jewish People With The Holy Land" in September. Led by Dr. Raymond Ch'ien and Rabbi Abraham Cooper, this exhibition premiered at the Tang Shiu Kin Hall on 25th September with close to 200 attendees, including inter-faith leaders, business leaders, educators, cultural figures, Consul Generals and diplomats representing 19 countries, including the State of Israel, the United States, Canada, Germany, Russia, Singapore, Thailand and India. The opening ceremony was a success. Due to popular demand, the exhibition was open to the public from 26th September to 4th October.

Developed under the auspices of the United Nations Educational, Scientific, and Cultural Organization (UNESCO) and co-sponsored by the governments of the State of Israel, Canada and the United States, this exhibition traces the 35 centuries of the Jewish people's relationship with its land and is presented through visuals and texts on 25 panels. The panels explain the history of Israel from ancient to modern times with the aim of raising awareness of tolerance, race, respect and human dignity.

Following its launch at the UNESCO Headquarters in Paris in June 2014, the exhibition has since been presented at the UN Headquarters in New York, the Vatican, Capitol Hill in Washington, D.C., the House of Commons, Chicago City Hall, New Delhi, Copenhagen, Buenos Aires and Tokyo.

The College has always been proud to have its Heritage Trail where history is remembered and honoured. By hosting the People, Book, Land exhibition, we aim to preserve more historical moments and share them with the SSC family and the public.

HKDSE and IBDP Results and University Offers

In 2019, the College is pleased to have the third cohort of our students graduating from our dual programme, the HKDSE cum IBDP. 86% of our graduates are pursuing a Bachelor's degree either locally or overseas. Of particular mention are four doctors on the horizon, three from the DSE and one from the IB now studying medicine: Chan Pui Hei, So Wing Hang Henry, Chan Lok Seng and Ng Sze Hang. Among the 72 students who sat the HKDSE, 90% received Bachelor degree offers with close to 40% of the subject entries awarded Level 5 or above. Lai Man Wai Katherine attained Level 5** in seven subjects, including Mathematics Module 2, and was admitted to the Bachelor of Science (International Research and Enrichment) programme at the Hong Kong University of Science and Technology. Likewise, the 42 IBDP students reaped good results with an average of 35 points, well above the world average of 29.6.

Join the SSC Family Day!

The SSC Family Day is just around the corner! Scheduled to be held on 12th January 2020 (Sunday), it is a fundraising initiative unlike any other in that it is entirely student-led. Not only will the well-loved cross-country race and ball games be organised by a large team of student helpers, all Secondary 1 to Secondary 4 classes will set up their own game stalls on campus to entertain visiting alumni, parents, teachers and students.

The Family Day is more than a funfair. It is a momentous step that we are taking in pursuit of a grander dream: a new Teaching Complex. With the generous support of everyone in the SSC community, it will be ready for use in three years' time. If you would like to play a part in this dream of ours and nurture compassionate and creative leaders for tomorrow's changing world, please do not hesitate to sponsor the festivities on SSC Family Day.

We look forward to seeing you on 12th January.

CAS Expedition to Cambodia 2019

One of the cornerstones of CAS is engaging in service so that students become agents of change and do reciprocal acts for society as global citizens. To that end, our DP Year 1 students spent one week in October in Cambodia to do direct service work to improve hygiene and basic sanitation for families in the rural village of Te Lek in Phnom Penh. The students did physically strenuous work such as building concrete rings, digging trenches and 1.5 deep holes, mixing cement and tree nursing. Students also developed an appreciation of Cambodian culture through learning basic Khmer phrases and traditional Khmer dance as well as learning about the horrors of the Khmer Rouge regime by visiting the S21 Genocide Museum and the Killing Fields.

The opportunity for our students to join and work with the native community in Phnom Penh was a mutually enriching and rewarding exchange that was a memorable experiential learning experience for all.

Message from the Students' Association Cabinet–Dreamers

Our Chairman, Poon
Curtis Long Yiu (4Y)

The purpose of the Students' Association is to build a bridge between the school and students. We are honoured to have been elected by students who believe we can make their voices heard. We are doing our very best to collaborate with the Principal, Deputy Principals, teachers and different clubs so as to make the school year pleasurable and fruitful. We truly appreciate the support we have received and we promise not to disappoint.

In our election platform, we pledged to organise various activities and provide year-round services. We will soon be hosting the SSC's Got Talent competition, which is a new take on the annual singing contest organised by past Students' Association cabinets. We encourage students talented in any area to perform on stage and impress. We will also be tailor-making a graduation yearbook for interested S6 students, complete with pictures and messages from their friends and our cabinet members.

We welcome all opinions and suggestions from the school and the students. Let's work together and build a better SSC!

We are Dreamers!

Concert 2019

This concert has been a true concerted effort of students, teachers, staff, parents, and alumni. As usual in our celebrated music tradition, the concert was marked with the wonderful performances from different singing and instrument groups, both from students and alumni. The Parents' Choir also gave a spectacular performance, showcasing the strong talent and support from our parents. In the making of the College Musical "Porcelain Dolls", our teachers provided guidance to students and allowed them to write, devise, direct, and act. Teachers and students also worked together behind the scenes as backstage and managerial support, without which the concert would not have come to fruition.

Other than the dedication of our teachers, students, and parents, old boys and girls have given back to their alma mater in various means. Not only did they support the event with sponsorships, but they also actively participated. To name a few, Ms Catherine Wong, an old girl who is now a notable pianist, performed a beautiful piece. The College Musical received immense alumni collaboration, from costume design to make up. Videography was also done by our old boys.

We hope to propagate the College tradition of celebrating music and theatre, and we aspire to continue to connect with parents and alumni, for it is with everyone's support that our concerts can be magnificent.

Creativity Programme Harvest Day

Under the guidance of facilitators and coaches in the Creativity Programme, students are part of a learning community that stretches them to think bigger, grow and conceptualise new ideas. The six strands of the Creativity Programme aim to develop multiple intelligences and boost literacy in information, media, and technology: 1) Creative Music, 2) Creative Ceramics, 3) Creative Media, 4) Creative Inventions, 5) Creative Business and 6) iEngineering.

Three years of harvest were shared with more than 600 students in October. Creative works produced by students were on display at Tang Shiu Kin Hall. This was not only an occasion for students to showcase their good work, but also a golden opportunity for them to share their experiences and learn from each other.

CAS Week 2019

Creativity, Activity and Service is one of the most challenging and rewarding parts of the IB Diploma Programme. To recognise, promote and celebrate our students' achievements in their CAS Projects, a CAS assembly and a display exhibition in Central Square were held during mid-October. There were a variety of unique and imaginative projects on show such as an Orbis musical theatre performance entitled 'The World I See', an arts and crafts project for SEN students, a beach clean-up club, a documentary that highlighted the plight of the homeless and a mental health awareness musical.

S1 Quantum Learning Camps

Before the new school term, incoming S1 students took part in the Quantum Learning Camp in August 2019. Focussing on the eight keys of excellence, i.e. Integrity, Failure Leads to Success, Speak with Good Purpose, This is It, Commitment, Ownership, Flexibility and Balance, the camp aimed to strengthen their social, communication and adaptive skills and build a robust foundation for them to get the most out of their secondary school life. Students also improved their study skills, such as memorization, note-taking, reading, writing and listening, in a stimulating environment that boosted their confidence and motivation. On the whole, this programme was very well received by students and parents alike.

試食馬拉松

家長教師會委員的其中一項工作就是定期化身神秘食客，到學校監察小賣部及宿生飯堂膳食的質素。我對烹飪略有研究，所以這重任便交給我了！

何謂「試食馬拉松」？學校提供的膳食非常多元化，一天內要全部試完，可謂殊不簡單。在午餐時段，小賣部有四至五款正餐熱食（包括蒸飯）以及多項小食供走讀生選擇。「試食馬拉松」當天，我會購買每一款正餐，再加配雞翼、雞脾、咖喱角、燒賣等小食。然後，我便會到宿生飯堂，再品嚐「四餅一湯」和白飯。

基本上，膳食供應商為求達到教育局所提出的營養標籤規則，花了很多心思，希望同時照顧到年青人的口味和健康。大廚每一天都準備新鮮的食材，再在學校廚房細意烹調，絕非工廠式做法。宿生飯堂的蒸水蛋堪稱一絕：它不僅滑而不老，而且大廚在蛋漿裏面加入高湯，令味道變得更濃郁，每一口都充滿雞蛋和高湯的鮮味，有機會必須試一試！

10月2日晚上，校長、老師、家長和學生一行103人出席了家長教師會在康怡戲院舉辦的生命教育活動——《花椒之味》電影欣賞會。這是一個「包場」的活動，戲院職員的安排十分貼心，再加上電影感人的情節，令這欣賞會充滿令人驚喜和感動的時刻。很多參加者均感觸良多，熱淚盈眶，可見家庭關係與兩代人之間的溝通是很容易引起共鳴的題材。每個參與活動的家庭，都藉著欣賞電影多了一次互相結伴、一份共同經歷、一個分享話題，我們得到很多正面的反饋。在未來的日子，家長教師會將繼續策劃更多促進家長與子女溝通的活動。
