會訊 第75期 二零二六年七月

Message from the Principal

Dear parents, students, alumni and friends,

Every now and then, I am privileged to meet the multifarious talents that proudly call St Stephen's home, and such 'meetings' can take place anywhere: at an art exhibition at Central Square, a drama production at the Blackbox Theatre, a robot design session at the STEM Centre, an orchestra competition at a concert hall, an inter-school sports tournament ... you name it. What interests me most is not so much the accolades they have garnered, but rather, what fuels their passion. Rome wasn't built in a day; what is it that keeps them drawn?

Is it the allure of having a common goal, of scaling new heights, with like-minded people? Although I was unable to attend the Choir Finals of the Hong Kong Schools Music Festival – at which our Treble Choir emerged victorious – the Winners' Concert back at school left me awestruck. The conductor's arms were like magic wands; the choristers' voices blended into an angelic harmony. Perhaps our Boys' Choir deserves a special mention: the MC proudly announced that they were recently re-established after a decade-long hiatus ... Thanks to the Music teachers and a devoted group of students who had their hearts set on reviving it. Every teacher knows how taxing it can be to run a school team, let alone to start one. There is indeed something extraordinary in our musicians.

Is it the thirst for self-expression and self-actualisation, something so natural to a student's personal growth? Each spring, I make time for the exhibitions hosted by our S6 DSE and IB artists. I would not call myself a connoisseur, but from these graduates' artist statements and the bold styles of their masterpieces, I can always sense a yearning: they wish to be heard and understood! The same goes for our drama enthusiasts. Taking pride of place at Concert 2026 is our original musical

Dreamcatchers, whose message – to never give up on one's dreams no matter how old one might be, or how slim the chances are – was not lost on the numerous student directors, playwrights, songwriters, actors and backstage helpers who brought the production to life.

Education at St Stephen's has gone beyond the classroom. And it is holistically rewarding. As this fruitful academic year draws to a close, I cannot help but marvel at God's bountiful provision for the College: *God is able to make all grace abound to you, so that having all sufficiency in all things at all times, you may abound in every good work* (2 Corinthians 9:8). Let us continue to give support to our teenagers, from home to school, so that they would all spread their wings and fly!

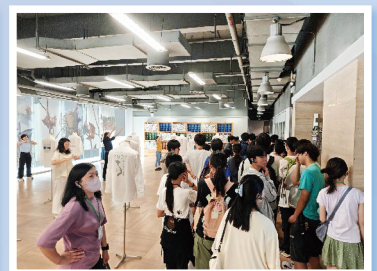

Warmest,
Mrs Julie Ma
Principal

Industry Meets Nature: Exploring Sustainable Manufacturing in Guilin

In April, our Science and Geography students took a six-day trip to Southern China. Partnering with the Esquel Group, a textile and apparel manufacturer, the goal was to get students out of the classroom to see how modern manufacturing and environmental sustainability look in practice.

The trip was designed to ground textbook concepts in reality. As one student noted, *"The trip brought me knowledge that cannot be found in books, but more importantly, it taught me a different attitude towards life."*

Staff practicing Baduanjin during our visit. At Esquel, employee well-being is integrated into every workday.

Foshan: A Look at Modern Manufacturing

Our first stop was Foshan. Going in, many students pictured clothing factories as dark, dusty, and labour-intensive. Esquel's facilities, including their "Determinant" brand store, offered a different reality—the production lines were clean, bright, and highly automated.

A major focus for our Science students was the "waterless dyeing" technology. The garment industry is historically notorious for water pollution, so seeing a practical solution in action was eye-opening.

"I learned that the production of just one shirt traditionally consumes a huge amount of water," one student wrote. "Seeing the new technology made me understand the importance of industrial and ecological development."

Guilin: The "Integral" Eco-Park

The group then travelled to Guilin to visit Integral, Esquel's sustainable development park built on a former brickyard. The park operates on the concept of 「天人合一」, a philosophy focusing on the connection between man and the environment.

The contrast to standard factories left a strong impression: *"I have always associated factories with grey smoke and pollution,"* shared one student. *"Here, being able to see karst hills through glass walls and walk through a garden on a lunch break completely redefines what a workplace can look like."*

Getting to walk through the karst landscapes they had studied in class really put geological time into perspective for the students. Activities like bamboo rafting and karst cavern exploration brought their geography textbooks to life. Reflecting on the caves, one student observed, *"When I see these big and high stalactites, it really surprised me with the time behind it...in front of nature, humans are really just like dust."*

Students saw practical examples of a circular economy everywhere: food waste from the staff canteen is turned into compost, and the park utilises natural plant dyes grown on-site.

Getting Hands-on with Sustainability

Beyond observing, students got their hands dirty by experiencing local farming and cultural traditions. They spent time in the fields learning about sustainable land use and sowing corn seeds, as well as making traditional green rice balls. These activities allowed them to connect directly with the "Science of Life" and the agricultural foundations of the region.

This study tour gave our students a realistic look at how companies can balance production with environmental responsibility. They came back with practical knowledge about supply chains, sustainable goals, and the physical geography of South China.

Thank you to the Esquel Group for hosting our students, and to the teachers who organised the logistics for a successful trip.

一切歷史都是當代史： 中三中國歷史研習團廣州學習之旅回顧

意大利史學家克羅齊說：「一切歷史都是當代史。」歷史並非塵封的往事，而是與我們當下息息相關的記憶與啟示。2025年12月18至19日，中三中國歷史研習團近200位師生前往廣州，參觀黃花崗七十二烈士墓園、廣州農民講習所、沙面租界建築群、廣州大元帥府及廣州辛亥革命紀念館。短短兩天的行程，不僅讓我們走出課室，也讓歷史從書本走進現實，在心中留下深刻印記。

我們在黃花崗七十二烈士墓園緬懷先烈，把課本中的「黃花崗起義」烈士演成一個個真實而鮮活的生命；在廣州農民講習所，我們領會思想啟蒙和政治宣傳的分別；穿梭在沙面租界建築群，可以反思西力東漸以來，挑戰和回應中一幕一幕的見證；走進廣州大元帥府，嘗試重塑孫中山先生在民主共和路上的堅持和努力；在廣州辛亥革命紀念館中回顧推翻清朝、追求民族獨立的先輩如何蹣跚地走向民主共和之路，在如斯血汗中，我們承傳了甚麼？學會了甚麼？

兩天的研習旅程轉瞬即逝，雖然對歷史的詮釋和啟發是因人而異，但透過實地考察，我們嘗試扣連歷史與當下，而「一切歷史都是當代史」，正是提醒我們：如何理解過去，將影響我們如何面對現在與未來。

Exchange Programme with Okinawa A.MICUS International School

On 13 January 2026, St Stephen's College had the distinct pleasure of welcoming back Okinawa AMICUS International School (AMICUS) for another wonderful cultural exchange. The morning was filled with energy and mutual appreciation. The visiting students offered us a fascinating glimpse into Okinawan culture through dynamic presentations and an impressive karate demonstration.

Answering with our own cultural traditions, the SSC Chinese Orchestra and Mixed Choir filled the hall with exceptional performances that showcased the depth of our students' musical talents. We extend our sincere gratitude to our dedicated Docents and College Ambassadors, whose signature warmth and hospitality made our guests feel instantly at home.

Reconnecting with AMICUS reminds us of the true value of these cross-cultural encounters - it is found in the shared laughter, the applause and the meaningful connections that thrive despite geographical distance. We look forward to nurturing this special bond and creating more shared memories in the years to come!

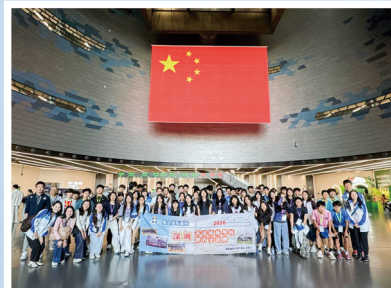

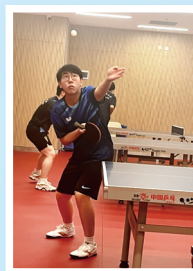

深港同心迎全運：兩校師生切磋技藝 共築友誼橋

為深化深港兩地教育合作，並響應第十五屆全國運動會，本校於2026年4月24日與姊妹學校「中國科學院深圳理工大學附屬實驗高級中學」攜手舉辦了以「同承全運火，共築友誼橋」為主題的兩校交流活動。本校由黃智葦副校長率領多位教職員，帶同五隊運動校隊共65位學生代表，前赴深圳參與此項盛事。

當日上午，兩校在溫馨的歡迎會及互贈紀念品後，隨即展開多場精彩的體育友誼賽，包括男子足球、男女子排球、男女子羽毛球及男子乒乓球等。下午，同學在深圳學生的帶領下參觀了姊妹學校校舍，更打破地域界限，混合組隊進行了一場趣味十足的飛盤爭奪賽。活動尾聲，本校花式跳繩隊帶來了壓軸的精彩表演，為當日行程畫上完美句號。

這次交流不僅厚植了學生的家國情懷，更讓他們在運動場上揮灑汗水、建立跨港深兩地的深厚友誼。本校將繼續為學生搭建多元平台，開闊視野，與家長攜手陪伴學生全面發展。

Local Exchange Programme with St. Paul's Co-educational College

Building on the momentum of our successful collaboration with Diocesan Boys' School last term, we proudly launched our second local exchange programme of the academic year - this time marking our second collaboration with St. Paul's Co-educational College (SPCC). Held after the Easter holiday in April, this exchange included senior form students from both the HKDSE and IBDP streams, with ten participants from each school. We welcomed the SPCC students to our campus from 13 to 15 April 2026, while our students visited SPCC from 22 to 24 April 2026.

The programme opened with a warm welcome meeting before students joined their buddies for daily lessons. Experiencing a different academic environment allowed the participants to exchange study insights and benefit from discovering new learning styles. Beyond the classroom, our Docent Team led an engaging Heritage Tour, sharing the rich history and traditions of SSC. The energy remained high on the sports field during a thrilling cross-country fun run, where students from both institutions displayed remarkable teamwork and grit.

The exchange concluded with a farewell gathering filled with laughter and shared memories. More than just an academic swap, the programme succeeded in fostering deep peer connections and genuine friendships between SSC and SPCC. We are incredibly proud of how beautifully our students championed our school values.

As this academic year draws to a close, we look forward to cultivating even more dynamic exchange programmes that inspire our students to grow, connect, and carry the SSC legacy forward. See you next academic year!

Piecing Together History: St Stephen's College Reconnects with Dr Haking Wong's Family

A few months ago, representatives from St Stephen's College had the distinct honour of attending the opening ceremony of the exhibition "Hong Kong Entrepreneur: Haking Wong". This special invitation, graciously extended by Mr Andrew Wong, marked a beautiful milestone in a nearly century-old relationship between the College and the family of one of our most distinguished alumni.

The journey to the exhibition began when Mr Wong approached the College to conduct research into his ancestor's formative adolescent years spent studying at St Stephen's in the 1920s.

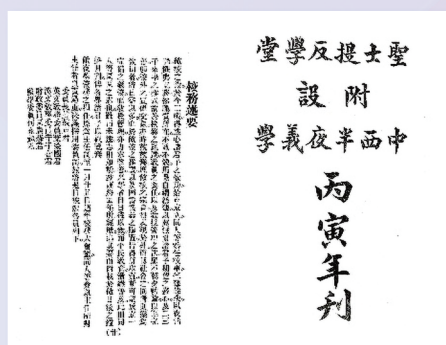

What started as a research enquiry blossomed into a deeply rewarding collaboration. Our College's History Research Team (Mr KP Chan & Ms Tiffany Chan) eagerly stepped in to assist the Wong family, working closely with them to delve into the archives and complete some of the missing pieces of the puzzle regarding Dr Wong's adolescent history.

Through this collaborative research, we were able to paint a vivid picture of a young man who was not only a dedicated student but also deeply engaged in the world around him:

Long before he became a renowned industrialist, young Haking Wong was known as a profoundly kind-hearted person who contributed immensely to the wider community.

Perhaps the greatest testament to his selfless character was his initiative in founding the St Stephen's College Free Night School. Recognising the needs of the underprivileged, he helped establish this night school to provide vital educational opportunities for young people living in Sai Ying Pun.

The archives also revealed a vibrant, creative side to his adolescence. During his time at St Stephen's, Dr Wong actively and enthusiastically participated in drama, showcasing a well-rounded appreciation for school life.

The reconnection extended far beyond historical records. Following the opening ceremony of the exhibition, Mr Andrew Wong generously offered a dedicated guided tour for our students. This personalised service provided our students with a rare and invaluable opportunity to step outside the classroom and deeply understand the life, struggles, and monumental achievements of Dr Haking Wong directly from his family.

We are incredibly proud of our College's History Research Team for their hard work in helping preserve this history, and we remain deeply grateful to Mr Andrew Wong for his generosity. Dr Haking Wong's story is a beautiful reminder of the lasting impact that a St Stephen's education can have on an individual and the wider Hong Kong community.

Farewell Teacher

I would like to thank the St Stephen's College community for the incredible 2025-2026 academic year, during which I had the opportunity to work as an English teacher. It has truly been a pleasure working alongside the experienced faculty and talented students of SSC. Since I will not be coming back to St Stephen's College next academic year, I would like to bid farewell to everyone who I encountered during my tenure here. I wish St Stephen's College and the entire community all the best in the future!

Mr Tun Nay Win

Passing on the Light: Celebrating the S6 Class of 2026

On 27 May 2026, the Grand Hall of the Benevolence House was filled with pride, joy, and a touch of nostalgia as we celebrated the Graduation Ceremony for the Class of 2026. It was a momentous afternoon where parents, alumni, teachers, and students gathered to witness our S6 graduates embark on the next exciting chapter of their lives.

The ceremony commenced with a poignant Prayer of Invocation, setting a reverent tone for the occasion. We were delighted to present graduation certificates to both our HKDSE and IBDP cohorts, acknowledging their remarkable resilience and academic dedication. Touching 'Vote of Thanks' speeches, delivered by our graduate representatives 6D Hui Yik Lam and 6L Chan Ying Chuk, expressed profound gratitude to the College and their families. The Mixed Choir further graced the afternoon with a beautiful choral blessing, *Trusting the Rainbow*, filling the hall with hope and warmth.

The absolute pinnacle of the afternoon was the Lighting Ceremony. Led by our principal Mrs Julie Ma, the president of our Alumni Association Mr Johnson Kong, parent representatives Mr and Mrs Qin Hanqiang, and our dedicated S6 Class Teachers, the light of knowledge and virtue was gently passed to the S6 graduates. In a moving display of unity, the seniors then shared this light with the S1 to S5 student representatives.

This beautiful ritual profoundly symbolises the passing on of the light—a powerful representation of our College's heritage transcending generations. It serves as a visual reminder to our younger students to carry forward the steadfast spirit and high ideals of St Stephen's, whilst illuminating the path ahead for our departing seniors.

As the congregation proudly sang the College Song to conclude the ceremony, we bade a fond farewell to our graduates. We wish the Class of 2026 every success; may their futures be as bright as the light they held, and may they continue to shine wherever they go!

Rebuilding Lives Together: SSC Unites for Tai Po Fire Victims

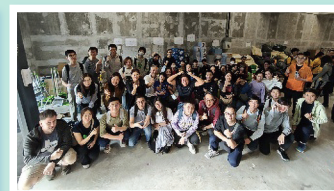

While the city was bustling with festive preparations this past December, the St Stephen's College family paused to dedicate their weekend to something much bigger.

In response to the urgent needs of families displaced by the Tai Po fire, our community rallied together at Yue Ying Lau in Tin Wan shortly before Christmas. The mission was clear: turn empty flats into welcoming homes, and work quickly so the affected families could settle in.

A Weekend of Service

Looking back, the turnout was incredible. Over just two days (20 and 21 December), 166 members of the SSC community—including students, parents, alumni, and staff—donned their gloves and got to work.

We saw a steady stream of St Stephen's spirit throughout the weekend: Saturday saw 56 volunteers kick-start the operation, while Sunday brought a massive wave of 110 volunteers to push us across the finish line. In total, our team contributed a staggering 536.5 man-hours. But numbers only tell half the story. The real story was in the sweat and the smiles.

Grime, Sweat, and Teamwork

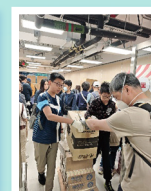

It wasn't light work. Partnering with the Housing Authority and the Build & Wish Volunteer Team, and working alongside our friends from the HKUGA College Scout Group 229, our volunteers tackled the nitty-gritty.

Teams scrubbed units from top to bottom—literally from the floors to the toilet bowls—ensuring everything was spotless. The logistics team took on the Herculean task of unpacking hundreds of boxes of "fortune bags." By the end of the weekend, these care packages were distributed and neatly arranged in 106 units. We also conducted defect inspections, ensuring that the basic fittings and fixtures were ready for the new residents.

A Lasting Impact

It was a powerful sight to see students working side-by-side with their friends, parents, and teachers. Thanks to this collective effort, the handover of the units was accelerated, allowing the fire victims to move into safe, clean, and prepared homes much sooner than expected.

To everyone who gave up their pre-Christmas weekend to scrub, carry, and clean: thank you. You didn't just prepare houses; you helped rebuild homes.

Empowering the Future: Cultivating Self-Directedness in Teenagers with Professor Geoff Hayward

On 19 March 2026, we were delighted to welcome Professor Geoff Hayward, Emeritus Professor of Education at the University of Cambridge, to our College for an exclusive talk with SSC parents.

Throughout his distinguished career, Professor Hayward has served as Head of the Faculty of Education at Cambridge, Director of Research at the University of Oxford's Department of Education, and Visiting Professor at Tsinghua University. With decades of research experience, he has explored how young people navigate the transition from school to higher education and the workforce. His work has shaped educational policy and practice internationally, particularly in raising student attainment and aspirations. Now working as an International Educational Consultant, he continues to collaborate worldwide to improve outcomes for the next generation.

In his presentation, "How to Nurture Self-Directedness in Teenagers", Professor Hayward emphasized the importance of cultivating independence, resilience, and initiative in young people. He shared practical strategies for parents to encourage teenagers to take responsibility for their own learning and growth, especially in today's fast-changing world.

Professor Hayward also introduced the University of Cambridge, highlighting its unique traditions, such as small-group supervisions, and its emphasis on critical thinking. He provided insights into the university's admissions criteria, offering parents a clearer understanding of what top UK institutions look for in prospective students.

The session provided valuable guidance on how families can support students in becoming proactive learners both inside and outside the classroom. We are grateful to Professor Hayward for sharing his expertise with our parent community during his visit to Hong Kong.

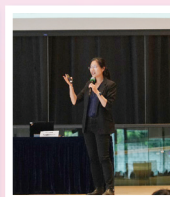

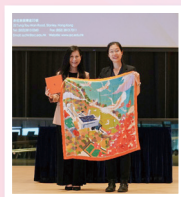

Stanley to Harvard: A Journey into Business and Climate Research with Professor Shirley Lu

On 26 April 2026, our S4 students had the privilege of engaging with Professor Shirley Lu, Assistant Professor of Business Administration at Harvard Business School, in a special talk that resonated deeply as they look ahead to the opportunities of a fastchanging, post-AI era. As an alumna of SSCPS and SSC, Professor Lu's journey from Stanley to Harvard inspired students by showing how determination and passion can shape a path from local beginnings to global impact.

Professor Lu, a member of Harvard's Accounting and Management Unit, teaches Financial Reporting and Control in the MBA program. She earned her PhD and MBA from the University of Chicago after completing her BS and MS degrees at New York University. Her research focuses on Corporate Social Responsibility (CSR) disclosure, with particular attention to climate change and gender diversity. She examines how firms measure and report their environmental impact, the credibility of ESG scores, and the mechanisms behind green bond issuance.

In her presentation, "Stanley to Harvard: A Journey into Business and Climate Research", Professor Lu reflected on how her formative years at SSCPS and SSC provided the foundation for tackling global challenges. She recounted her academic journey from Hong Kong to international universities, where she discovered a passion for connecting business with climate research. She also offered students a vivid glimpse into life at Harvard Business School, describing the energy of the MBA classroom and the central role of sustainability in shaping future careers. Beyond her academic work, Professor Lu encouraged students to stay curious, embrace their individuality in a post-AI era, and recognize how global transitions will shape their paths.

The session was both inspiring and practical, an opportunity for our students to learn directly from a distinguished scholar whose journey embodies resilience, ambition, and a commitment to addressing climate challenges through business innovation.

Sir Edward Youde Memorial Prize

We are proud to announce that two of our outstanding students, 6Y He Allison and 6Y Lai Cheuk Kei Brandon, have been awarded the esteemed Sir Edward Youde Memorial Prize for the academic year 2025/26! This honour is presented to senior secondary school students who demonstrate remarkable learning capabilities and leadership. Allison and Brandon have truly embodied these qualities, consistently showing dedication to academic excellence while contributing meaningfully to our school community. Their accomplishment is a well-deserved recognition of their diligence and the positive impact they have made as role models.

Let us extend a hearty round of applause! We are immensely proud of both of you and look forward to witnessing the many remarkable contributions you will continue to make. Keep inspiring others with your passion and perseverance!

Celebrating our Third Year of 'Science for Service'

Welcome back to Science for Service! This year marks our third time partnering with Artscompana, an amazing theatre group of performers with diverse abilities, for our S3 cross-disciplinary project.

The project kicked off with a drama workshop that gave our students a realistic look at the daily challenges of living with visual or mobility impairments. But what really stood out to us teachers this year was how deeply the students engaged with the performers afterward. They asked thoughtful questions about specific everyday hurdles, like navigating public spaces or using technology, and spent a lot of time simply listening.

Instead of just trying to build a generic gadget for a grade, some students took the design process incredibly seriously. They realized early on that to make something truly useful, it had to be highly customized. Armed with the feedback they gathered, teams went back to the labs to design and build assistive devices tailored to the actual needs of the guests they spoke with. They spent weeks testing and tweaking their prototypes, adjusting things like textures, shapes, and audio signals based on real-world constraints rather than guesswork.

It was incredibly rewarding to watch the Artscompana performers try out the final products. For our S3 students, it was a great hands-on lesson in empathy, showing them firsthand how the science they learn in the classroom can be used to make a genuine, practical difference in someone's life.

From the Pool to the World Stage: Our ROV Team Heads to the World Championship!

Our school's ROV (Remotely Operated Vehicle) team has turned their dream of competing on the world stage into a reality! After years of relentless dedication, our students have achieved a historic milestone by securing a coveted spot to represent Hong Kong at the MATE ROV World Championship in Canada this June.

The MATE ROV competition is a rigorous challenge that inspires the next generation of innovators by exposing them to a broad spectrum of industry-related skills, such as electronics, programming, materials science, and engineering. The competition goes far beyond the standard school curriculum, demanding students to operate like a professional engineering firm, fostering leadership, entrepreneurship, and resilience under pressure.

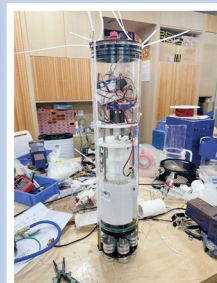

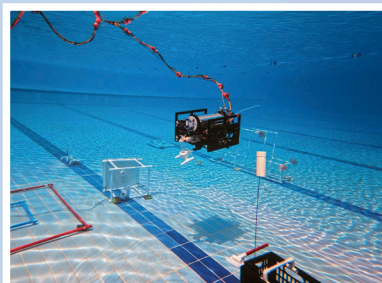

Throughout this school year, our students dedicated countless hours during weekly sessions and lunchtime workshops. Senior students also stepped into mentorship roles, guiding junior form students through complex technical hurdles. This collaborative spirit was essential to their success.

Their project demonstrated a deep integration of STEAM disciplines and a strong focus on environmental stewardship. Our team designed and built a sophisticated underwater robot to address real-world ecological issues, from ocean conservation to monitoring sensitive marine environments. They also managed their project like a commercial venture, balancing budgets, creating marketing materials, and delivering professional technical documentation.

This journey has been an extraordinary learning experience, pushing our students to develop their skills and character to the fullest. Not only have they mastered advanced technical skills, but they will also have unique opportunities to interact with and learn from elite teams from all over the world.

This life-changing achievement would not have been possible without the unwavering support of the school administration, our dedicated teachers, and everyone who championed the team.

Congratulations to our talented students for their remarkable achievement! We wish them the very best of luck as they represent Hong Kong at the World Championship!

Nurturing Future Leaders: A Shared Journey Across Levels

Over the past few months, our school has been delighted to offer a range of leadership training experiences for students across different year levels. From outdoor challenges to reflective workshops and service-oriented leadership roles, each programme has given students valuable opportunities to grow in confidence, strengthen their character, and discover what it means to lead with purpose and responsibility.

S1 Adventure-Based Camp

Our S1 students began their development path with a memorable 2-day, 1-night Adventure-Based Camp at Tai Tam Boys' Scout Centre. Set in a natural environment, the camp gave students the chance to step outside their usual routines, take on challenges together, and build friendships through teamwork and shared experiences.

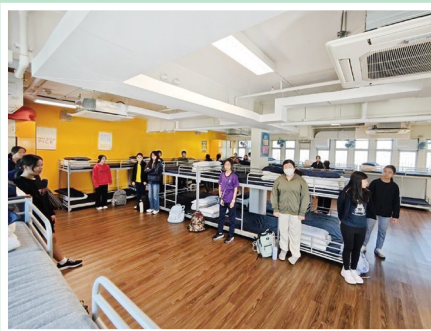

Through outdoor tasks and group activities, students learned the importance of trust, cooperation, and perseverance. More importantly, they discovered that leadership can begin with simple acts such as encouraging one another, listening carefully, and working together toward a common goal.

S2 Project Legacy

Our S2 students took part in Project Legacy at Junior Police Call, a 2-day, 1-night programme that offered them a meaningful opportunity to develop discipline, responsibility, and community awareness. The structured activities encouraged students to think about service, teamwork, and the values that help build a caring and respectful society.

The programme inspired students to reflect on how they can contribute positively to the community. Through active participation and cooperation, they experienced the joy of learning together and growing together.

S3 Outward Bound Experience

For our S3 students, the 5-day, 4-night Outward Bound programme was a truly transformative experience. Through outdoor adventures, physical challenges, and teamwork, students were encouraged to step beyond their comfort zones and develop resilience, confidence, and determination.

The programme reminded students that leadership is not only about guiding others, but also about staying strong, supporting teammates, and persevering through difficulties. It was a powerful journey of self-discovery that helped students learn more about their own strengths and the value of mutual support.

S3 Positive Education Workshop

Alongside the Outward Bound experience, a small group of S3 students participated in a 2-day Positive Education Workshop. This meaningful parallel programme focused on self-awareness, emotional wellbeing, and the development of a positive mindset, helping students understand that leadership also begins from within.

Through strengths-based activities, reflective exercises, and group sharing, students explored how gratitude, resilience, and empathy can help them face challenges with confidence and optimism. The workshop offered a gentle yet powerful reminder that every student can grow as a leader in their own way, and that wellbeing is an important foundation for lifelong success.

Senior Student Leaders

Our senior student leaders in S4 and S5, including College Prefects, Moral Ambassadors, Docents, and College Ambassadors, continued to shine through their service and dedication to the school community. These leadership roles gave students the chance to serve others, represent the school with pride, and set a positive example for younger students.

Whether they were supporting school events, welcoming visitors, promoting positive values, or helping maintain a caring and orderly school environment, our senior leaders demonstrated maturity, responsibility, and commitment. Their contributions reflect the spirit of student leadership: leading by example, serving with kindness, and making a difference through quiet but meaningful action.

A Shared Journey

While each programme was different in style and focus, all shared a common goal: to nurture young people who are confident, thoughtful, resilient, and ready to contribute positively to others. We are proud of every student who took part in these programmes and grateful to all staff and partners who made these experiences possible. As our students continue to grow, we look forward to seeing how they carry forward the values they have developed — courage, compassion, perseverance, and a strong sense of service — into their future leadership journeys!

H2O Camp 2026: Restored and Renewed in God

H2O Camp 2026 was successfully held on 16 and 17 January, bringing together nearly 30 students for two days of fellowship, reflection, and spiritual renewal. As the annual winter camp of the Student Fellowship, H2O Camp has now been organised for over twelve years and continues to be a meaningful tradition for students seeking to grow in faith and community.

This year's camp took place at the newly opened Bungalow 4 Wellness, where students were able to enjoy a refreshing natural environment through activities such as forest bathing, horticultural therapy, student-designed games, and experiential learning sessions. The camp theme, "4R" — Rest, Revive, Restore, and Relationship — encouraged students to reconnect with God, others, and themselves.

On the first evening, Pastor David Wong shared a message about becoming a dwelling place of God's rest. The following morning, alumni Dorothy Wong led an experiential activity on cleansing one's life and becoming a wellspring of living water. The camp was made possible through the devoted support of alumni, parents, and teachers, whose partnership greatly blessed the students.

First H2O Camp at the new Bungalow 4 Wellness — a place of rest, friendship, and renewal in God.

Pastor David Wong sharing on the first night of H2O Camp 2026: "Building His Dwelling Place."

Dorothy Wong led an experiential activity on cleansing one's life and becoming a wellspring of living water.

Students taking part in floral art therapy to relax and relieve stress.

Gospel Week 2026: Path of Life

Our Gospel Week this year, held from 9 to 13 March, was centered on the theme "Path of Life." We were grateful to invite two inspiring guest speakers to share their life journeys with students.

The first guest was Patricia Lau, Executive Director of Alpha Hong Kong. With a successful background in the finance industry, including serving as Managing Director at Credit Suisse, Patricia shared how worldly success could not truly satisfy the emptiness in her heart. Only after knowing Jesus did she experience real joy and a meaningful life.

Our second guest, Pastor Calix Fong, shared a very different story. Once lost in drugs and gangs, he experienced God's grace and transformation through repentance and faith in Jesus. Today, God uses him to help addicts and bless others through music ministry.

Besides the evangelistic meetings, the worship team of Christian Fellowship led powerful worship sessions, while the Blessing Booth and Communion Service brought students, teachers, and parents together to experience God's love and guidance.

Easter Service

The SSC Easter Service at St John's Cathedral was an enlightening and spiritually illuminating service. With the wonderful hymns reverberating off the expansive nave, it was a heavenly chorus - a testament to our students' angelic voices. The Bible readings on the death and resurrection of Christ reflected the truths of the gospel and the creeds spoken in unison tied everyone together in the common hope that we share in Christ.

Reverend Francis Yu spoke eloquently as he preached about the hope that we can find in Christ and reminded us that the cross was a mirror to our sins, but not the end, as the tomb was empty. Nothing is completely hopeless as the cross shows us a fragile and sinful world, but the resurrection offers us life and hope.

As Reverend Will concluded the service with a benediction of love and mercy, thanking the choir and everyone who assisted in the service, students and teachers were filled with hope in Christ.

Life Skills Workshops Empower Junior Form Boarders

To support the holistic development of junior form boarders, a series of life skills workshops has been organised throughout the academic year. Held regularly, these sessions aim to build students' independence, confidence and overall ability to manage daily life—important skills for both boarding and beyond. The workshops are run mainly by boarding staff whose close understanding of students' routines allows them to offer practical and relevant guidance.

Building Practical Everyday Skills

A key focus of the workshops is helping students develop useful everyday skills. Sessions on ironing and sewing teach them how to look after their clothing and take responsibility for their belongings. A workshop on tying a tie introduces a simple but important skill, helping students present themselves smartly and confidently on formal occasions such as Speech Day.

Students also take part in basic first aid training, learning how to respond calmly and sensibly in minor emergencies. These skills not only improve personal safety but also encourage students to care for others around them.

Developing Healthy Routines

The programme also highlights the importance of good daily habits. Sessions on preparing for bed and maintaining a healthy routine guide students in establishing regular sleep patterns, keeping their personal space tidy, and winding down at the end of the day. These habits play an important role in supporting both their well-being and their learning.

Supporting Well-being

The workshops also focus on students' emotional and mental well-being. Mindfulness sessions introduce simple techniques to help them relax, manage stress and stay focused. A meditation talk further encourages self-awareness and calmness, which are especially helpful during busy school periods.

Preparing for Academic Success

Revision planning workshops help students get ready for examinations. They learn how to organise their study time, set realistic goals and revise more effectively. This helps them feel more in control of their learning and less anxious about exams.

Encouraging Self-Management

The self-management workshop brings many of these ideas together. Students are encouraged to think about their responsibilities, manage their time wisely and balance school work with daily life. With guidance from boarding staff, they gradually develop stronger organisational skills and self-discipline.

A Lasting Impact

These workshops give junior form boarders valuable opportunities to grow and become more independent. Because they are held regularly, students are able to practise and build on what they have learnt over time.

Overall, the programme plays an important role in helping students develop into confident and capable individuals better prepared for both boarding life and the challenges of adolescence.

Boarding Family Blessings: S6 Graduates Cut Roasted Pig for Exam Success

On 26 February, a special gathering was held to shower our S6 graduate boarders with warmth and encouragement as they prepare for their upcoming public examinations and future challenges. Supported wholeheartedly by our dedicated boarding staff, the memorable event brought our resident graduates together, ensuring they know their boarding family stands firmly behind them.

The highlight of the evening was the traditional roasted pig cutting ceremony, organised specifically to inspire our boarders to shine. To keep spirits high during their late-night study sessions, our boarding staff have also been fuelling the graduates with warm, comforting sweet yam soup served in the dormitory at night—a beloved treat to sweeten their evening routines and provide a comforting boost.

As our S6 graduate boarders enter the final stretch, the entire community is sending them the strongest blessings for the HKDSE and IBDP. We have absolute confidence in their resilience, and urge them to believe in their potential and aim for the absolute peak: Study hard, stay focused, and go out there and shine!

Students' Day

Students' Day of this year was a truly treasured experience for everyone, bursting with laughter, joy, and energy. Our Students' Association, Pharos, organized a wide variety of engaging events and stalls to bring the whole school together. Everyone gained brilliant memories that will last a lifetime.

The day started with a series of thrilling sports and e-sports competitions, while some other students enjoyed a movie on the other side of the campus. In addition to these traditional events, Pharos also introduced Pixellare, a Snapio-inspired photo booth that allowed students to capture their moments of happiness with Y2K style 4-grid photos in a Life4cuts machine. The booth was equipped with various props such as sunglasses, headbands, marker pens, and other decorations to enhance the students' experience.

At the same time, various societies hosted more stalls and services around the school. The Japanese Culture Club offered Japanese-style desserts in a café, the Heritage Society organized an escape room, and nine more stalls provided enthralling activities for students to join. The booths were all packed with enthusiastic students fully engaged in the events and showcasing their best selves.

If anyone felt tired, popcorn and egg puffs provided by Pharos were waiting for them in the Central Square. These crispy, delightful snacks kept everyone energised throughout the busy but joyful day. As students journeyed through the game stalls, they could also collect stamps and go to the redemption center where Pharos members handed out widely praised prizes, including flower-shaped hair clips, keychains, and lovely desk lamps.

After the bustling morning, all the students and faculties gathered at the Grand Hall. Prizes for morning competitions were awarded with snack packs as rewards. Afterwards, ten groups of talented students performed in the Talent Show, showcasing their skills in singing, dancing, and playing musical instruments. As the audience cheered for their peers, a special guest, professional singer-songwriter Moon Tang, was invited onto the stage. Her enchanting vocals captivated the crowd, and a long line of eager students took photos with her after the show. The prize-giving for the Talent Show performers marked the end of Students' Day.

An event of this scale requires immense dedication. Members of Pharos and its sub-committees, along with teachers and staff poured tremendous effort into ensuring every event ran smoothly. Despite various challenges, students and staff collaborated with trust and responsibility to create an unforgettable day for the entire school community.

老師也上課—— 「開放課堂計劃」促進師資成長

學生的學習與成長，是本校最重視的初衷。為了與時並進，並持續提升教學品質，本校教師專業發展組於近期舉辦了「開放課堂計劃」，致力在校內營造一個充滿活力、薪火相傳的專業教學團隊。

在這項計劃中，我們安排年青教師走進資深教師的課堂進行實地觀摩。在真實的教學環境中，年輕老師得以近距離學習前輩們精湛的教學技巧與班級經營心法，並在課後展開深度的研討與交流。這種教學相長的互動，不僅促進了教師間的經驗分享，更能有效激發教學新思維，共同精進整體的教學效能。我們深信，教師團隊的持續進步與自我突破，定能為孩子們帶來更具啟發性的優質學習體驗。

在此，學校特別感謝三位資深同工——周汶霖老師、徐曉欣老師及梁嘉晞老師。感謝他們開放課堂並無私分享寶貴經驗，讓參與的青年老師獲益匪淺。未來，學校將持續推動教師專業成長，以最優質的師資，陪伴學生茁壯成長！

課後研討會

年青老師觀摩資深老師課堂

The Green Upgrade: Harnessing the Sun for a Sustainable School

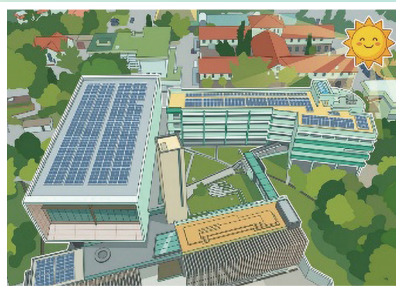

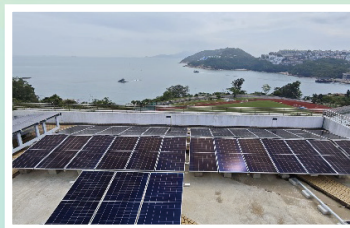

As the global call to combat climate change grows louder, our school is taking decisive, actionable steps right here on campus. Thanks to our uniquely exposed environment, our spacious grounds have the natural potential to operate as a highly effective mini “solar farm.” Recognising this geographic advantage and our ongoing mission to build a more eco-conscious learning environment, we are proud to announce a major expansion of our renewable energy infrastructure. Recently, our school successfully partnered with HK Electric (HKE) through the Energy-efficient Community Subsidy. This scheme has allowed us to install an additional 150 solar panels on the rooftop of the Centenary Building. Building upon our existing arrays, this massive upgrade brings our campus to an impressive total of 480 solar panels.

What makes our solar initiative truly special is our dynamic, dual-powered approach to utilising this green energy. The newly installed panels under the Energy-efficient Community Subsidy are designed to supply harvested electricity directly to our on-site school facilities. By powering our campus internally, we are significantly offsetting our reliance on the traditional power grid. This not only shrinks our overall carbon footprint but also provides substantial savings on the school's electricity bills.

Working in perfect harmony with these new additions is our existing solar network, which operates under the Feed-in Tariff Scheme. Rather than powering the school directly, these panels feed renewable energy back into the HKE power grid. The steady stream of income generated from selling this harvested electricity is purposefully reinvested into our students. By transforming our very own campus into a vibrant learning hub, we are utilising our physical infrastructure as a dynamic educational resource. This immersive approach allows our students to engage with real-world sustainability concepts and learn authentically, bridging the gap between textbook theory and practical application.

This solar milestone is just the beginning of our broader vision to cultivate a truly green and sustainable campus. Moving forward, we will closely align our environmental education with the Sustainable Development Goals (SDGs) of the United Nations. Fuelled by the resources generated from our solar network, we will be partnering with more organisations from the community and introducing a wider variety of learning activities that bring these global goals to life.

However, creating a lasting culture of sustainability is a community effort. As we roll out these exciting SDG-related initiatives in the coming months, we will be reaching out to you—our parent community—for your invaluable support. Whether it is volunteering your time for upcoming green events, sharing your expertise, simply reinforcing eco-conscious habits at home, or financial backing, your partnership is essential. Together, we can practise what we teach and ensure that our campus remains a beacon of sustainability for years to come.

專業守護 安心校園 — 「校園法律工作坊」

確保每位學生都能在安全、健康的環境中茁壯成長，向來是本校最珍視的教育使命之一。為持續提升教職員的專業素養與法律意識，本校於2026年2月25日的教師專業發展日，特別為全體教師舉辦了一場兼具理論與實踐的「校園法律工作坊」。

是次工作坊非常榮幸邀請到法律專家蘇文傑先生（Mr Albert So）擔任主講。講座內容緊扣日常校園生活，深入探討了教職員的「謹慎責任」（Duty of Care）、「私隱條例」，以及近年備受社會關注的「強制舉報虐待兒童條例」等法律。

為了將法律知識轉化為實用的校園智慧，工作坊特別針對「校園安全」、「學生輔導」與「紀律管教」等範疇進行個案研究。老師們透過親身參與小組討論與角色扮演（Role-Play），在蘇先生的即場專業剖析下，切實掌握了不同情境下的法律權責與應對指引。

這次研習不僅深化了教師團隊的法律知識，更進一步優化了校園的危機處理。本校將繼續與時並進，攜手為學生們營造一個更安全、健康且充滿關愛的優質學習環境。

老師們投入參與角色扮演及討論

蘇文傑律師與馬李敏慧校長及郭佩貞助理校長留影

守護心靈 以愛護航——第五屆聖公會發展日

為進一步提升教職員對精神健康的關注與專業知識，本校全校教職員於2026年5月15日前往香港會議展覽中心，參與「第五屆香港聖公會堂校社服發展日」。

是次活動非常盛大，以「守護心靈 以愛護航」為主題，並邀得勞工及福利局局長孫玉菡太平紳士擔任主禮嘉賓致辭。活動內容豐富，大會特別邀請了林正財醫生分享關於「4R 精神健康約章」的專題演講，以及由陳嘉璐醫生分享「精神健康樂安康」的寶貴資訊。透過多場專業講座，老師們深入探討了如何在校園中建立更完善的身心支援網絡。

是次活動不僅豐富了教師團隊的心理輔導知識，更強化了我們推動校園精神健康的決心。盼望我們學校能與各位家長攜手合作，將「守護心靈」的理念融入日常生活中，共同為孩子築起一個充滿愛與關懷的成長避風港！

「跳出教室」歷史文化承傳——長洲啟導工作坊

長洲啟導工作坊是本校文物學會一年一度的特色培訓及體驗活動，目的在加深同學對長洲歷史發展的認識，體會香港本土歷史文化的多姿多彩。

今年的長洲啟導工作坊於4月26日舉行，參加者需依照提供的地圖去到不同的地點與食肆贏取分數。活動期間，參加者不但能夠品嚐到長洲各色各樣的特色美食，一覽長洲獨特風光，更能培養團隊合作能力。身為活動主要的籌劃人，看著活動由籌備時的一紙計劃書，到當天化為參加同學臉上的笑容和汗水，心中的喜悅難以言喻。

活動中，最令我難忘的是各個小隊為了破解任務難題，在長洲的巷弄熱烈討論。有的穿梭各個廟宇尋找隱藏的歷史地標，一邊認真研究，一邊重尋昔日長洲的歷史痕跡；有的品嚐平安包與特大魚蛋的同時，挖掘出隱藏在美食背後的社區故事，令一段段歷史不再只是課本上枯燥的文字，而是變得鮮活且充滿溫度。看著同學為爭取最高分數而認真拼搏、互相扶持的畫面，正正實踐了我們舉辦活動的初衷——打破大家對「歷史文物」的沉悶刻板印象。

這次長洲啟導工作坊的圓滿結束，有賴學校的支持、每一位活動負責人和委員的默默付出、以及同學們的熱情參與。我們不僅推廣了香港獨特的本土文化，更在籌備與實踐的過程中，不斷成長。文物學會未來會繼續秉承傳統，帶領大家發掘更多散落在香港各處的文化足跡，期待明年與大家再次同行！

4L 趙晞彤

整裝待發，力爭高分！

SSC Heritage Trail Open Day

The annual Heritage Trail Open Day was held on 28 February 2026, with over 400 visitors participating in the guided tour led by our Docents.

This year, Heritage Society introduced a brand-new concept for visitors and history enthusiasts to explore the Heritage Trail. We utilised the classrooms of Classroom Block to set up a game booth, a souvenir shop, and a special exhibition room. Months ago, our committee discovered a vintage picture of one of the classrooms, showing students protesting the new school policy regarding the increase in tuition fees. We recognized the worth of the picture and thought, “what if we tried to recreate it in real life?” And off we went with the idea. Firstly, we enhanced the photo with AI, which allowed us to bring the picture back to life and reveal hidden details of the image. Using the image, we dedicated much time in replicating every detail, from poster, banners, to even the arrangement of chairs and tables. Eventually on Open Day, we successfully offered a realistic and immersive experience for the visitors. As we stepped through the door, it was as if we had walked into a time machine and traveled back to the past. Overall, we were very satisfied with the final results.

As Docents, we want to try our very best to introduce histories while also recognizing the importance of keeping up with modern technology. We hope to bring a better experience for everyone by integrating the past with the present, and thus creating a larger perspective for all to appreciate.

(AI refined image)

(A newspapers of 8 May 1966)
We set our sights on the picture of the top right of the newspaper

Visitors were listening seriously, even it was raining.

English Department

English Week

This year's English Week was again a resounding success. In collaboration with a local bookstore, a book fair featuring both fiction and non-fiction books at discounted prices was held in the Tang Shiu Kin Hall. It was pleasing to see hundreds of students paying a visit during English class and at lunchtime to check out teachers' book recommendations and other great titles. Another event to promote reading was the Education Bureau's 'SOW (Sayings of Wisdom) Your Discovery' Multimodal Composition Contest, to which each student submitted an entry focussing on the new insights and positive values they gained from reading a particular English book. There were a huge array of excellent posters, articles and videos.

There was no shortage of performances during the week. We were honoured to have Mr Vivek Mahbubani, a distinguished stand-up comedian, as our guest at the whole-school assembly. Teachers and students laughed their heads off. The English Drama Club's popular improv show – *Unhinged* – also made a comeback to widespread acclaim.

See you at the next English Week!

Drama Club Showcase – 'Jukebox'

As the grand conclusion for the school year, the English Drama Club presented its annual performance 'Jukebox' at the Carol Yang Blackbox Theatre on 14 May 2026. 'Jukebox' is a student-led showcase where the club members collaborate in small groups and create their own mini-drama shows. From script-writing to makeup and costumes, members of the club take the lead to create their very original shows which demonstrate their humour and creativity.

This year, the English Drama Club presented five mini-shows – *'Façade'*, *'A jumpscare to love'*, *'I spy...'*, *'The good, the bad and the unfunny'*, and *'The week'*. All members of the audience had a great laugh as the shows brilliantly blended sharp wit, relatable humour, and unexpected plot twists. A huge congratulations to all the club members and Stage Management crew for pouring their hearts into the show! We are already looking forward to what our creative stars will bring to the stage next year!

S3 Experiential Learning

At SSC, we believe that students learn best through authentic, hands-on experiences. To bring the language to life, English teachers regularly arrange experiential learning activities that seek to extend and enrich the curriculum. For example, as part of a unit on social issues, S3 students took part in a guided walking tour of Tsim Sha Tsui, Sham Shui Po or Yau Ma Tei in which they developed a more informed understanding of local heritage, grassroots culture and ethnic diversity. They then shared their insights in the form of travel brochures and oral presentations. Not only did students have a fun time with their teachers and peers, they also benefitted greatly from this opportunity to use English outside the classroom.

Harvard Prize Book 2026

The Harvard Prize Book is awarded annually by the Harvard Club of Hong Kong to outstanding S5 students who have achieved academic excellence in the English Language, possess exceptional personal qualities and have made a significant contribution to their school or community. Our awardees this year are 5D Lee Chun Hei, 5L Chong Hiu Yan Alicia and 5Y Yau Siu Hei. Congratulations to all of them!

中文科活動

少林功夫表演

少林功夫是發源於中國河南嵩山少林寺，超過一千五百年歷史，創造了功夫套路過百種，強調「禪武合一」的身心修練，以陽剛實戰著稱，是中國武術文化代表，有「天下功夫出少林」的說法，更列入中國國家級非物質文化遺產。新年伊始，本校誠邀少林功夫傳人劉師傅及其徒弟在週會親身展示拳術、棍法、刀法等，並通過互動，讓同學了解少林功夫，感受中華武術文化的博大精深。

中文週系列活動

春日適開卷，書香潤心田。為了鼓勵同學多閱讀，長智慧，並培養對中國文化的興趣，中文科於3月3日至6日舉辦一年一度的中文週及中文書展。活動內容豐富，包括：

3月4日週會的初中作家講座，請來米哈老師向同學分享如何在生活中汲取寫作的養分及寫作的「奇幻旅程」，同學聆聽作家分享寫作心得，與作家互動交流，獲益良多，講座後，同學更獲得米哈老師的簽名！

3月4至6日中文科在鄧肇堅堂舉辦中文書展，重點展出推介書籍近二十本。書籍如同一扇窗，帶我們進入無邊的天地，帶我們穿越千年風雨，讓我們擁抱知識的光芒。同學們在書展中購得心儀書籍，以閱讀展開美好的一年！

中文週期間，中文學會師生在午膳時間舉辦一系列有趣好玩的攤位遊戲，包括「速配節日大作戰」、「節日人物關係網」、「表情成語猜猜秀」等，在輕鬆愉快的氛圍中感受中文的趣味。此外，今年還舉辦了「中文歌詞賞析」活動。在3月5日午膳時間，中文學會賴瑋斐老師及陳穎宜老師帶領5H班的宋佩雯同學及陳俊彥同學現場演唱國風歌曲《江南》及《青花瓷》，並從中國文學角度賞析歌詞用字及背後的文化意蘊，同學們在悠揚動聽的歌聲中感受文字及中國文化之美，寓學習於娛樂，真是十分有意義！

中三級華服講座（與視覺藝術科、電腦及資訊科技科合作）

為提升同學對中國傳統文化的興趣及認識，中文科邀請馬崇耀先生到校為中三級同學講解華服常見圖案、顏色背後的文化意義。馬先生更帶上仿古「龍袍」到校，讓同學親身觀察、觸摸龍袍上栩栩如生的龍紋、雲紋等，更有同學親身上龍袍，感受華服之美。同學也能學以致用、發揮創意，在視覺藝術科的「服裝設計」單元課業中須融入華服的元素，最後在電腦與資訊科提供的應用程式中完成設計，並展示個人設計成果。

中文辯論隊活動

本校中文辯論隊參與了青苗辯論盃，5Y董河廷同學連續兩輪獲得最佳辯論員，2H周正睿同學則連續兩輪獲選為最佳青苗辯論員。此外，2H惠奕萱同學及5Y董河廷同學亦分別於辯論超級聯賽（第一輪）及社群盃初賽獲選為最佳辯論員。恭喜同學獲獎，為校爭光！

第77屆香港學校朗誦節

在第77屆香港學校朗誦節，經同學不懈努力與老師悉心訓練，本校同學在中文朗誦獲得成果，得獎名單如下：

班別	姓名	組別	獎項
3L	汪昱行	詩詞獨誦——普通話 中學三四年級——男子組	冠軍
3C	張天胤	詩詞獨誦——普通話 中學三四年級——男子組	亞軍
2Y	盧定勤	詩詞獨誦——普通話 中學一二年級——男子組	亞軍
2J	汪昱丞	詩詞獨誦——普通話 中學一二年級——女子組	亞軍

班別	姓名	組別	獎項
2J	汪昱丞	散文獨誦——普通話 中學一二年級——女子組	季軍
3J	鄭亦婷	散文獨誦——普通話 中學三四年級——女子組	季軍
3Y	曾悅澄	散文獨誦——普通話 中學三四年級——女子組	季軍
2Y	陳映彤	詩詞獨誦——普通話 中學一二年級——女子組	季軍

如切如磋，如琢如磨，願同學們來年也積極參與各類中文科比賽，通過與高手比拼，提升語文能力，為校爭光！

2025-2026中國中學生作文大賽

本校參與了2025-2026中國中學生作文大賽。賽事自2006年開始舉辦，每年香港有逾200間學校參與大賽、累計超過150萬學生參加活動，為香港學界規模最大的、認受性極高的文學盛事。3H班張祿瑤同學妙筆生花，在比賽中成績優異，獲初中組全國三等獎、香港賽區金獎，成績驕人，為校爭光，可喜可賀！

「文裕盃」全港校際徵文大賽

在第十六屆「文裕盃」全港校際徵文大賽，1C班李碧鎔同學以真摯的筆觸及不凡的文采在比賽中脫穎而出，榮獲中文寫作中學初級組冠軍，值得恭賀！

Inter-Class Mathematics Trail Competition

On 11 May, our campus was alive with energy during the Inter-Class Mathematics Trail Competition organized by the Mathematics Society! Our Junior Form students had a fantastic time racing across the campus, fully engaged in tackling tricky math challenges.

Congratulations to our top problem-solvers:

	Winner	1 st Runner-up
S1	1H	1D
S2	2J	2C
S3	3J	3L

Exploring Hong Kong's Waste-to-Resource Infrastructure – Visit to O · PARK and T · PARK

On 24 January, Geography and iGEM students joined forces for a field trip to two of Hong Kong's most advanced sustainability facilities on the urban fringe: O·PARK¹ and T·PARK.

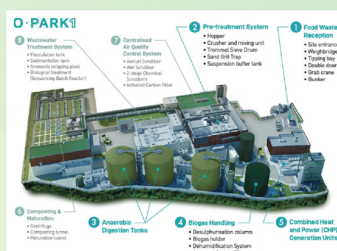

The trip offered a rare chance to see how urban planning, innovation, microbiology, and people work together to combat climate change and solve the city's waste crisis.

Turning "Farts" into Fuel at O·PARK1

The morning was spent at O-PARK1 in North Lantau. For the iGEM team, this was a chance to see their lab concepts in action. They examined the massive anaerobic digestion tanks where specific bacterial strains break down 200 tonnes of food waste daily to make compost and generate electricity.

The students learned that the secret to this facility is essentially bacterial flatulence. As the microbes digest the rotting food, they release biogas (mostly methane). But unlike in a classroom, these "farts" are highly valuable. Instead of letting this potent greenhouse gas escape into the atmosphere and warm the planet, O-PARK captures it to transform waste into energy, generating enough electricity to power the entire facility and export to the grid.

A standout moment was the visit to the on-site O·FARM. Here, students saw how the facility completes the loop by using its own byproduct, "O·Compost," to grow crops. The harvest is distributed freely to social enterprises, turning yesterday's leftovers into tomorrow's community meals.

Sludge and Spa at T·PARK

In the afternoon, the group moved to Tuen Mun to visit T-PARK, the city's sludge treatment facility. The students learned how the plant incinerates sludge from sewage treatment plants, reducing the waste volume by 90% and relieving pressure on landfills.

However, the highlight wasn't just the engineering—it was the downtime. T-PARK is famous for its self-sustaining spa pools, which are heated entirely by energy recovered from the incineration process.

Some students came prepared with swimwear. Soaking in the hot pool with a view of Deep Bay, they experienced resource recovery firsthand—literally bathing in the benefits of renewable energy.

It was a successful day that proved fighting climate change doesn't have to be boring; with the right sustainable mindset and actions, it can serve both the environment and the community.

Capturing Carbon, Creating Value: SSC Students Experience the Green Economy

On 18 May, our campus was transformed into a vibrant hub of innovation and commerce for the inaugural Carbon Points – Fun Fair Day. Seeing over 300 students and staff actively participate, the event was a resounding success. More importantly, it underscored our school's commitment to advancing the United Nations' Sustainable Development Goals (SDGs) by offering students hands-on learning opportunities to embrace the rising green economy and play their part in tackling climate change.

Our library's microalgae reactors capture 5,500 kg of CO₂ per year, keeping levels at a fresh 450 ppm (similar to outdoor air). This is far healthier than the stifling 2,000 to 5,000 ppm often found on long-haul buses—which is why we so often fall asleep on them.

A major highlight of the day was the unique 'Carbon Points' system, an initiative that stems from our pioneering 'Forest in the Library' project. By utilising microalgae reactors to capture carbon dioxide directly from the air, we successfully demonstrated an innovative approach to climate mitigation. This captured carbon was then converted into 'Carbon Points'—a bespoke currency for the fair. This tangible reward system gave students an authentic taste of the green economy, enabling them to exchange their hard-earned points for a variety of eco-friendly commodities at student-run booths.

Beyond environmental stewardship, the fair provided an invaluable, practical platform for our students to explore entrepreneurship within a sustainable framework. Four dedicated student teams, who had received professional training from the Chinese Manufacturers' Association (CMA), were empowered to run their own stalls. By promoting green products and managing live transactions, these students developed crucial marketing and business skills essential for the modern commercial landscape. The school explores authentic learning opportunities for our students, connecting with commercial and social enterprises, making learning interesting and meaningful. An interesting thing is that some of the successful partners were our alumni, making this activity connecting different SSC generations as well.

The entire day was packed with engaging activities explicitly designed to align with the SDGs, inspiring students to lead healthier, more purposeful lives. The morning commenced with a charity run in partnership with the Sports Change Life Foundation, where every kilometre run was converted into tangible aid for charitable organisations.

Throughout the day, students also engaged in an array of enriching workshops, including:

Tea Appreciation

Yoga and Wellness

Career Aspiration talks with successful entrepreneurs

Creative Upcycling and Art Workshops

Ultimately, the Carbon Points – Fun Fair Day proved to be a wonderful experiential learning opportunity, seamlessly bridging the gap between classroom theory and real-world application. It successfully ignited our students' passion for sustainability whilst equipping them with the entrepreneurial mindset needed to become the conscientious leaders and innovators of tomorrow's green economy.

We extend our deepest gratitude to all our partners, CMA staff, teachers, and most importantly our students for making this meaningful event such a resounding success.

Visual Art Department

Graduation Art Show 2026

The Graduation Art Show was held in Central Square from 7 to 9 January 2026. During this event, graduates not only presented their artwork but also engaged with the public to express their perspectives on the pieces. The exhibits featured a variety of mediums, including canvas paintings, drawings, sculptures, clay works, and printmaking.

Visual Arts Awards

We are delighted to share the outstanding achievements of our young artists in recent competitions and exhibitions. The following are the awards our students have received:

Class	Name	Award
1H	Cheung Yee Ching	Gold Award in the 2025 HC Andersen Art Awards Talented Student Award in the Arts Category
3C	Ngan Yu Yuk Michelle	Grantham Visual Arts Awards; Awarded a Scholarship of HKD 8,000
3H	Zhang Lu Yao	Merit in the Rong Bao Zhai Education Youth Art and Calligraphy Exhibition
3L	Wong Tsz Kiu Anness	Merit in the Rotary Club of Hong Kong Island East Student Smartphone Photo Contest 2026
3L	Mio Chun Hin Morgan	Fourth Prize in the Grand International Drawing Competition for Children 2025
3Y	Lau Chui Ying	Champion in My Australian Christmas Card Competition 2025
5Y	Yau Siu Hei	Silver Award in the Superior Culture Annual Painting Competition 2025 Gold Award in the Contemporary Children's Painting Competition

We are very proud of our young artists for their creativity, dedication, and excellent results.

Music Department

Mother's Choice Charity Performance

Our College String Chamber and Chinese Orchestra are honoured to be invited to perform at the Mother's Choice Family Fun Fest on 25 January 2026 at Diocesan Boys' School. Under the baton of Ms Ida Tse and Mr Nigel Pang, our teams are delighted to support this meaningful cause and share in the spirit of this year's motto, "All for Family, Family for All."

78th Hong Kong Schools Music Festival

This year, our students showcased a truly remarkable achievement for our college. From solo and ensemble classes to choral performances, our young musicians continue to grow in confidence and artistry. We are honoured to have five entries in the Choir Finals for our College Treble Choir, College Mixed Choir and College Girls' Choir. Reaching this stage is not something that happens every year. It is the result of our students' extraordinary dedication, talent, and teamwork, as well as the care and support they receive from the SSC community behind the scenes.

At the same time, the department achieved outstanding results across a grand total of 27 team and individual categories at the 78th Hong Kong Schools Music Festival. The key highlights from this competition include:

- College Treble Choir (led by Ms Vivian Suen): Captured two First Place awards in both the Foreign and Chinese Language heats, ultimately winning the prestigious title of 'the Best Junior Choir in the Second Division'.
- Junior String Quartet (coached by Ms Ida Tse): Was awarded First Place in the String Ensemble – Secondary School (Junior) category.
- College Mixed Choir (led jointly by Ms Vivian Suen and Mr Enoch Chan): Achieved a spectacular First Place in the Foreign Language category in their competition heats.
- The College Mixed Choir, College Girls' Choir, and College Boys' Choir secured two Second Places and one Third Place in their competitions.
- Our College Orchestra, Symphonic Band (led by Mr Ma Man Ki), College String Chamber (led by Ms Ida Tse), Brass Ensemble, Senior String Quartet, and College Treble Ensemble were awarded six Silver awards in their categories.

Our College Orchestra successfully entered the highly demanding Senior Orchestra category this year; they performed Tchaikovsky's intricate *Romeo and Juliet Fantasy Overture*, pushing the boundaries of their orchestral training and demonstrating tremendously mature musicianship.

As the official Winner of the Best Secondary School Junior Choir Category at the entire festival, our College Treble Choir was extended a prestigious invitation to perform at the Prize-winners' Concert, organized by the Hong Kong Schools Music and Speech Association (HKSMSA). This event was held on 24 April at the Auditorium of Tuen Mun Town Hall and will be broadcast by RTHK.

Competitor	Category	Award
College Treble Choir	Secondary School Choir - Foreign Language - Mixed Voice - Second Division - Junior Age 14 or under, treble voice only	Best Junior Choir in Choir Finals (Second Division) and First Place
College Treble Choir	Secondary School Choir - Chinese - Mixed Voice - Second Division - Junior - Age 14 or under, treble voice only	First Place
College Mixed Choir	Secondary School Choir - Foreign Language - Mixed Voice - Second Division - Senior	First Place
Junior String Quartet	String Ensemble - Secondary School (Junior)	First Place
College Mixed Choir	Secondary School Choir - Chinese - Mixed Voice - Second Division - Senior	Second Place
College Girls' Choir	Secondary School Choir - Foreign Language - Girls - Second Division - Senior	Second Place
College Boys' Choir	Secondary School Choir - Chinese - Boys - Second Division - Senior	Third Place
Brass Ensemble	Brass Ensemble - Secondary School - Senior	Sliver
Symphonic Band	Concert Band - Secondary School - Intermediate	Sliver
College String Chamber	String Orchestra - Secondary School - Senior	Sliver
College Treble Ensemble	Vocal Ensemble - Foreign Language - Equal Voice (Treble and / or Female Voices) Secondary School - With Piano Accompaniment	Sliver
Senior String Quartet	String Ensemble - Secondary School - Senior	Sliver
College Orchestra	Symphony Orchestra - Secondary School - Senior	Sliver
3L Yao Sau Yip Gabriel	Trumpet Solo - Secondary School - Senior	First Place
2D Lai Yee Lam	Piano Solo - Grade Seven	First Place
4L Tsang Yuet Sum Aubrey	Vocal Solo - Foreign Language - Female Voice (Age 16 or under)	Second Place
4L Zhang Tsz Yiu Yuki	Erhu Solo - Junior 二胡獨奏 (初)	Second Place
3J Leung Wing Sze	Violin Solo - Grade Eight	Second Place
2H Hsu Jih Kiu, Caitlyn	Flute Solo - Secondary School - Junior	Second Place
1D Chan Maeve	Graded Piano Solo - Grade Four	Second Place
1H Chan Si Yah Josiah	Violin Solo - Grade Five	Second Place
4L Zhang Tsz Yiu Yuki	Erhu Solo - Intermediate 二胡獨奏 (中)	Third Place
4L Chan Ho Yin	Alto Saxophone Solo - Secondary School - Junior	Third Place
3Y Yao Wang Yip Ethan	Tuba Solo - Secondary School	Third Place
2H Ho Mang Wo	Alto Saxophone Solo - Secondary School (Senior)	Third Place
2L Caleb Chang	Open Class for Stringed Instruments	Third Place
2L Churn Sophie Adrienne Macomber	Vocal Solo - Foreign Language - Female Voice - Secondary School - Age 14 or under	Third Place

Joint School Music Competition 2026

The Hong Kong Joint School Music Association organized the Joint School Music Competition 2026 from March to May this year. Our school's 17 music teams participated in either live or video competitions, and achieved an impressive result of 14 Gold Awards and 3 Silver Awards!

Competitor	Category	Award
College Treble Choir	Secondary Junior Choir	Gold
College Mixed Choir	Secondary Senior Choir	Gold
College Girls' Choir	Secondary Senior Choir	Gold
Junior String Quartet	Secondary School Ensemble (String)	Gold
Senior String Quartet	Secondary School Ensemble (String)	Gold
College String Chamber	String Orchestra (Secondary)	Gold
Brass Ensemble	Secondary School Ensemble (Brass)	Gold

Gala Musica School Chamber Compositions 2026

Our students also achieved outstanding creative success at the Gala Musica Chamber Compositions Concert, organized by the Education Bureau (EDB) and co-organized by the Hong Kong Composers' Guild. The original work of 5L Au Tsz Ho Marcus and the Creative Music Team was selected for the Final Performance held at Sha Tin Town Hall on 31 March 2026. Marcus's composition, titled *Fin into the Hush* (灰豚·入寂), was inspired by the ocean, dolphins, and ships. For their exceptional work, Marcus Au and the team have been awarded the Outstanding Music Prize, the Outstanding Performance Prize, and the Audience Award.

Hong Kong Inter-School Choral Festival Competition cum Masterclass

Our College Mixed Choir and College Treble Choir achieved outstanding results at the Hong Kong Inter-School Choral Festival (HKICF) 2026. Conducted by Ms Vivian Suen and Mr Enoch Chan, the choirs were awarded the Gold Award and Silver Award respectively. Adjudicators commended their musicality, precision, and expressive artistry. During the festival, the College Treble Choir also enriched their choral skills through a clinic led by renowned choral expert Dr Karen Grylls, Honorary Associate Professor in Choral Conducting at the University of Auckland.

Pre-Competition Concert 2026

Our school's Pre-Competition Concert was successfully held on 26 February at Lunchtime at the Ng Wah Hall and on 28 February 2026 at the Grand Hall, bringing together students, teachers and parents for a day filled with joy and meaningful connections through music. From the College Orchestra and College Choirs to various ensemble teams, students have demonstrated remarkable dedication, discipline and creativity throughout their musical journeys.

Shining moments from this year's concerts featured an impressive lineup of performing teams, including the College Orchestra, Symphonic Band, College Mixed Choir, College Boys' Choir, College Girls' Choir, College Treble Choir, Chinese Orchestra, College String Chamber, Senior String Quartet, Junior String Quartet, Mixed Vocal Ensemble, Treble Vocal Ensemble, Clarinet Ensemble, Oboe Ensemble, Saxophone Ensemble, Brass Ensemble and Woodwind Quartet. Each ensemble delivered stunning performances, demonstrating their dedication, teamwork, and passion for music. These concerts also served as valuable preparation for the competitions ahead, giving our students the opportunity to perform on a bigger stage with confidence and artistry.

We are deeply grateful to our principal, teachers, and parents for their unwavering support in nurturing music education and standing alongside our young musicians as they continue to grow and shine.

Choral Masterclasses

Our College Treble Choir, Mixed Choir and Boys' Choir recently had the privilege of learning from world-class choral experts, including renowned conductor Dr Karen Grylls at the HKICF Choir Clinic. Mr Dominic Lam, Mr Sanders Lau and Mr Dennis Lau came to the SSC campus during the Chinese New Year Music Training Camp to refine our choirs' vocal techniques and embrace the joy of ensemble singing through collective learning.

Our College Mixed Choir was also invited as a demonstration choir to the Choral Masterclasses organised by the Hong Kong Schools Music and Speech Association. Adjudicator Dr Brady R. Allred brought an inspiring coaching session to the choir. Through all the professional feedback and practical guidance on singing, performance and rehearsal techniques, the masterclasses created a valuable platform for learning and growth among the choristers and conductors. These experiences continue to inspire us as we strive for excellence in music-making. We are deeply grateful for their guidance.

SSC Winners' Concert

On 17 April, our Music Department had the distinct honour of hosting the Winners' Concert to celebrate the achievements of our young student musicians at the Hong Kong Schools Music Festival, and it was an afternoon to remember! Our teams were proud to present their winning pieces to the audience once again in the Grand Hall to the whole school. We extend our heartfelt gratitude to the school faculty, conductors, and coaches for their paramount support. A special thank you also goes to the parents, whose steadfast encouragement, commitment, and support helped us along our musical journey.

Hong Kong Flower Show Performance

On 14 March 2026, our school proudly continued its tradition of participating in the Hong Kong Flower Show, held at Victoria Park. Invited by the Leisure and Cultural Services Department (LCSD), our talented student groups — including the College Woodwind Quartet, Clarinet Quartet, Oboe Quartet, Saxophone Ensemble and Brass Ensemble — delivered captivating performances amidst the stunning floral displays. The event provided a wonderful opportunity for our students to showcase their musical talents while celebrating the beauty of spring. We are deeply grateful for the unwavering support of our conductor Mr Ma Man Ki and parents, whose encouragement and presence made a significant difference to in our students' confidence and success.

Inter-Class Singing Competition 2026 (Heats)

Our school's unwavering commitment to musical excellence and class cohesion shone through this year's Inter-Class Singing Competition. The journey began with preliminary rounds from April to May, where 26 classes first showcased their talents before culminating in a spectacular Grand Hall finale on 10 July 2026 in Grand hall.

Celebration Lunch

With the generous sponsorship of the Parent-Teacher Association and Principal Mrs Julie Ma, the Music Department and the Music Society held a celebration lunch on 14 May 2026, at the Ng Wah Hall. This event was organized to express gratitude to the members of the College Mixed Choir, College Treble Choir, College Orchestra, Symphonic Band, College String Chamber, and Chinese Orchestra for their dedication and hard work in various music competitions throughout the year. The celebration lunch not only served to recognize the students' outstanding performances but also provided a rare opportunity for everyone to gather and share the joy and honor. We extend our heartfelt gratitude to all participants for their enthusiastic involvement and to the Parent-Teacher Association and Principal Mrs Ma for their generous support!

Inter-School Sports Competition

Badminton

At the Inter-School Badminton Competition, our Girls C Badminton Team won the **championship** and we were also the Girls **overall champion**.

Basketball

At the Inter-School Basketball Competition, our Girls A Basketball Team came second, the Girls B team came fourth and the Girls C team won the **championship**. As the **overall champion** of the girls' competition, we will be promoted to Division 2 next year.

Our Boys C Team also finished third.

PTA Career Talk “Beyond the Horizon: Unlocking Opportunities in Future Education”

The Career Talk “Beyond the Horizon: Unlocking Opportunities in Future Education,” was held on 7 February 2026 at the Grand Hall, Benevolence House. It was a highly insightful event designed to inform students and parents about valuable information on various study options. The event was a resounding success, with over 330 parents across six forms in attendance.

Thank you to Mr Corwin Kan, SSC Deputy Principal and Career Master; Ms Celine Chan, Ms Chloe Leung, and Mr Kelvin Chui, SSC University Guidance Counsellors, for sharing their expertise and helping students and parents better understand the requirements and processes for each option.

We would also like to thank Mr Tom Tong, Director of Hong Kong Office and Senior Counsellor at City Smart Consultants, for providing a comprehensive overview of education pathways in Australia.

Ms Chrisly Wong
PTA Exco Member
Pre-University
Education Committee

Study Pathway Talk: “Roadmap for Overseas Study”

The Study Pathway Talk was held on 9 May 2026. It provided attendees with a comprehensive overview of different overseas study options, catering to families considering destinations such as the UK, the US, Canada, Australia, and China, among others. The event deepened participants’ understanding of key information, planning steps and opportunities, inspiring them to explore new frontiers in their educational development.

Thank you to Mr Corwin Kan, SSC Deputy Principal and Career Master; Ms Celine Chan and Ms Chloe Leung, SSC University Guidance Counsellors; Ms Helen Chan, Consultant at Go Oxbridge; and Ms Tracy Au Yeung, Director of Student Services and Events at City Smart, for sharing their expertise on different overseas study pathways.

Also, thank you to Mr Anson Choy, a registered social worker at HKFYG Youth Employment Network, for sharing practical tips on discussing future aspirations with our children.

Part 1 of the talk: university admissions update, preparation for overseas university applications, and case studies

Part 2 of the talk: sharing the practical tips on discussing future aspirations with our children

Part 3 of the talk in Grand Hall: consultation by destination—the UK

Part 3 of the talk in Ng Wah Hall: consultation by destination—Australia

生命教育系列（四）

「與孩子一起成長：『關懷系統訓練』家長工作坊（一）」

一月份，我們邀請到馬慧敏女士在銅鑼灣公理堂舉辦了一場「關懷系統訓練」家長工作坊，這是一個全新的概念。當天我們進行了體驗式的學習，工作坊中做了好幾個練習，回家後也有一系列功課，藉着持續的小任務去深化自己的學習。不少家長事後反映，這些日常小練習讓他們對家人多了耐心與覺察。整個過程既輕鬆又深刻，工作坊實在一點也不枯燥，反而有趣易懂，家長反應十分熱烈，最後大家都滿載而歸。

講者馬慧敏女士是三位孩子的母親，同時也是一名教育工作者及長期關注兒童福祉的倡議者。作為智樂兒童遊樂協會前任主席及現任名譽顧問，馬女士在過去十多年一直致力推動兒童遊戲權益，並積極參與塑造香港的遊樂環境。2024年，馬女士獲美國商會頒發「弱勢及少數群體傑出女領袖」獎項，以表彰她對社會的貢獻。她目前擔任Catalyst Education Lab顧問，與哈佛大學及麻省理工學院的創新教育項目緊密合作，其中便包括「關懷系統訓練」。

家長心靈洗滌日營

聖士提反書院不但寬敞美麗，更是一座歷史文物建築——相信大家對這些形容早已耳熟能詳。我們今次非常高興能夠走進校園的不同角落，舉辦一場別開生面的體驗日營。

我們十分榮幸邀請到李耀強牧師與我們一同走明陣；陳永業傳道帶領我們進行音樂藝術感官體驗；還有註冊園藝治療師林世華女士，引領我們參與園藝工作坊。當天我們分開三個小組進行不同的活動，雖然間中有雨，但雨聲伴着笑聲，別有一番氣氛。活動結束後，感謝黃潔老師和巫映紅老師在週末抽空開放校園的種植園區給參加日營的家長，兩位老師除了介紹各種植物的生長特性，更贈送香草給家長們。

學校剛翻新的4號屋（心靈綠洲計劃）在哪裏？校園內真的有明陣嗎？音樂室又位於何處？這些地點，我都是第一次踏足。能在如此優美的校舍進行一系列放鬆活動，感覺格外舒暢。親身感受孩子在這樣獨特的環境中成長，感恩我的子女能在這所學校就讀。

如果各位家長希望能夠享受我們美麗的校園，就要繼續支持家長教師會的活動了。期盼下次能再次在校園進行活動！

活動後彩蛋——參觀校園的種植園區

活動開始前由陳傳道為活動順利進行作祈禱

SSC S6 Cheerio 2026

Ice cream, cotton candy, popcorn, egg waffles, and tofu pudding—delightful treats to celebrate friendship, keep spirits high, and create unforgettable memories!

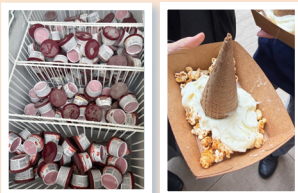

To show our support for our S6 students on their final day before the public exams, the school, Principal Mrs Ma, and the SSCPTA co-sponsored a special Cheerio celebration on 2 March 2026. A heartfelt thank you to 30 parent volunteers who staffed our booths at the Student Center, Centenary Building, and Grand Hall, ensuring our students and staff could enjoy a steady supply of delicious treats throughout the day.

On Cheerio Day, cotton candy, popcorn, tofu pudding, and egg waffles were freshly prepared on-site by our parent volunteers. The cheerful atmosphere was felt right away as sweet aromas filled the campus, and excitement grew around each booth. Students and staff were invited to enjoy the treats, and many expressed their sincere appreciation for the parents' effort and care in making the day special.

We would like to bless our S6 graduates with every success in their public exams. Thank you also to Principal Mrs Ma, and to all teachers and staff, for your dedication and guidance in supporting our students every step of the way.

Ms Vivian Lau
Chairlady of PTA

Besides soft ice cream from the ice cream truck, students could also choose Haagen-Dazs ice cream cups or make their own custom-style dessert!

Thank you for your support, Mrs Ma, teachers and volunteer parents!

Wish you every success in your public exams, S6 graduates!

Cotton candy, popcorn, egg waffle and tofu pudding are freshly prepared on-site by our volunteer parents!

SSCPTA Parents - Also - Appreciate - Teachers Drive

Every year, the St Stephen's College PTA holds the Parents-Also-Appreciate-Teachers event to express gratitude to all teachers and staff. This year, the PTA sponsored a Fortress refrigerator with Level 1 energy efficiency for the staff room, providing a convenient space for storing food and beverages.

PTA volunteers prepared over a hundred appreciation gift bags, each containing healthy snacks and a handwritten thank-you card. Two fruit baskets, beautifully arranged with greeting cards, were also presented to the school during the afternoon ceremony in the Grand Hall on 12 May 2026, symbolizing the PTA's appreciation for the dedication of all teaching and supporting staff.

A heartfelt thank you goes to Ms Virginia Wong, an S4 parent, for generously sponsoring healthy snacks at a special discounted price.

Beautifully arranged fruit baskets presented as tokens of appreciation, symbolizing health, care, and gratitude.

PTA members preparing over a hundred appreciation gift bags, each filled with thoughtful items to celebrate PAAT Day.

PTA representatives at the Grand Hall ceremony, marking the culmination of the Appreciation Day initiative and celebrating the dedication of our educators.

A thoughtful addition to help teachers store food and beverages comfortably throughout the day.

家長教師會親子長者家訪活動

衷心感謝各位家長與學生的熱心參與，以及社工團隊的細心策劃，讓我們的第二屆親子長者家訪活動得以順利且溫暖地完成。

去年，我們從長者們依依不捨的眼神中，明白這不只是一個活動，而是一份需要延續的承諾。今年，我們帶著這份承諾再次出發，卻意外發現長者帶給我們的，遠比我們能給予的多。

我們探訪了一位獨居婆婆。本以為會看見一位因丈夫離世而沉浸在悲傷中的長者，沒想到出現在我們眼前的是一位笑容燦爛、眼神明亮、性格開朗的女士。她告訴我們，丈夫離開後，她確實傷心了一段很長時間，但她選擇不讓自己困在孤獨裡，反而主動參加社區活動，令生活更加精彩。她說：「一個人也可以好好過日子，丈夫如果看到我現在這樣，也會放心的。」那一刻，我們覺得我們不是在「幫助」一位長者，而是在聆聽一位生命導師的分享。

另一位長者，是由她的兒子親自照顧的。兒子為了照顧日漸年邁的母親而選擇留在家中工作，一邊處理電腦上的業務，一邊隨時留意母親的需要。他沒有抱怨，只是淡然地說：「媽媽養大我，現在換我陪她。」這份堅定的孝心，讓家長和孩子們深受觸動。原來，愛不一定是驚天動地的犧牲，更多時候，是每日每夜默默的陪伴與選擇。

最令我們驚喜的，是一位學生在與探訪長者傾談過程中，發現這位長者也懂得運用AI工具及操作電腦。那位學生瞪大了眼睛，事後偷偷跟家長說：「我本來以為長者不會用電腦，沒想到他們比我還厲害！」這句話讓大家都笑了，但也讓我們深思：原來，世代之間的隔閡往往來自「以為」。當孩子親眼看見長者操作平板、討論AI，那份對「老」的刻板印象，在一瞬間被打破了。

今年，我們學到的事

如果去年長者探訪活動教會我們的是「長者需要陪伴」，那麼今年的探訪教會我們的便是——

- 長者可以是我們的榜樣：喪偶後依然積極生活的婆婆，讓我們看見失去後仍能綻放的可能。
- 孝順有許多形式：那位選擇在家工作照顧母親的兒子，讓孩子們看見愛是具體的行動。
- 別用年齡定義一個人：當孩子發現長者也懂AI，代之間的牆，便悄悄倒了。

我們的孩子，在這次活動中學會了傾聽、學會了尊重，更學會了不輕易用想像去判斷一個人。

臨別時，長者們依舊依依不捨，但這次我們能更堅定地說：「我們會再來。」因為這不僅是第二次活動，更是一份我們願意一年又一年守護下去的約定。

期待明年第三屆，我們能繼續為長者帶來溫暖時光，也能繼續從長者身上學習到意想不到的生命智慧。

家長教師會委員
義工服務組負責人

延續新春暖意——香港聖雅各福群會食物銀行 「賀年禮品轉贈計劃」年後傳愛

由香港聖雅各福群會食物銀行主辦的「賀年禮品轉贈計劃」，今年將收集與轉贈行動集中於農曆新年後進行。每年春節過後，不少家庭往往囤積了大量未開封的賀年禮品，包括糖果、餅乾、年糕、朱古力禮盒等，這些食品不僅完好無缺，更蘊含著節日的心意，卻常常因過剩而被閒置甚至丟棄，造成浪費。

有見及此，香港聖雅各福群會發起賀年禮品回收行動，鼓勵市民及學校家庭將家中多出的賀年食品捐出，並轉贈予區內的低收入家庭、獨居長者、殘疾人士及其他有需要人士，讓原本可能被遺忘的節日禮物，在新春過後依然能發揮溫暖的力量，延續祝福，促進社會共融。

每年聖士提反書院家長教師會聯同小學部家教會共同推動學生參與這項捐贈活動。學生們不僅從家中帶來各式賀年禮盒，更在老師和家長的引導下，了解資源共享的重要性，並親身體驗「分享」帶來的快樂與滿足。透過實際行動，孩子們漸漸明白，關愛並非只在節日當天發生，而是可以在年後持續傳遞。

今年活動反應熱烈，捐贈數量再創新高，充分展現社區濃厚的互助精神。聖雅各福群會表示，這項計劃不僅有效減少節日過後的浪費問題，更重要的是，讓參與的學生從中體會到「施比受更有福」的深刻意義。一份看似簡單的賀年禮品，在年後轉贈之間，成為連結社區、傳遞善意的橋樑，也讓春節的溫暖延續得更久、更遠。

2026 PTA Shenzhen Cultural and Innovation Day Tour

On 28 March, a group of 108 parents, students, and teachers came together for a PTA outing to Shenzhen. The trip was organized to foster community spirit while exploring both the technological advancements and historical roots of our neighboring city.

Morning: A Visit to Meituan Drone Port

Our day began with a visit to the Meituan Drone Port. It was an educational opportunity for families and teachers to see automated delivery technology in action. Watching how the drones operate provided an interesting glimpse into how innovation and automation are shaping the modern world that our students are growing into.

Midday: Family Lunch and Lucky Draws

Following the morning tour, we gathered at a local restaurant to rest and enjoy a hearty lunch together. The highlight of the midday break was the lucky draws, which brought a wonderful wave of energy and fun to the room. It was a relaxed and pleasant setting for parents, teachers, and children to chat over a meal, celebrate the prize winners, and strengthen our school community bonds.

Afternoon: Strolling Through Nantou Ancient Town

In the afternoon, we shifted our focus to local history with a visit to Nantou Ancient Town. The historic streets and local museum offered a peaceful contrast to the morning, giving us an insightful look into Shenzhen's deep past. Families enjoyed wandering through the narrow alleys, taking in the cultural heritage, and exploring the unique local boutique shops at their own pace.

A Community Experience

Traveling with a large group of 108 participants was a wonderful exercise in community building. The outing gave parents, teachers, and students a valuable chance to step outside the classroom, connect with one another, and share a balanced day of modern insight and historical discovery.

生命教育系列（五） 「如何協助子女合法使用社交媒體」家長講座

為了協助家長正確引導子女安全及合法地使用社交媒體，聖士提反書院家長教師會於2026年3月6日傍晚舉辦了專題法律講座，並首次現場及線上同步進行，報名人數踴躍！當晚蘇文傑律師以輕鬆幽默的方式，為家長及同學闡述了幾項重要的法律議題，包括個人私隱、知識產權、網絡媒體上載及下載的法律責任、網上欺凌及侵權等法律問題。講座中，蘇律師講解生動有趣，在這專業而嚴肅的議題中，各位現場觀眾及聽眾竟然笑聲不絕，留下不少難忘的回憶。

講者蘇文傑律師為香港執業律師、律政司（外聘）主控官及客席法學教授。他擔任香港調解仲裁中心及財富承傳策劃協會主席，也是一帶一路律師會會長。同時蘇律師在多個公共及專業團體擔任榮譽顧問，致力推動法律實務與社會服務。

基督徒家長小組聚會及容馬珊兒校長之分享

2025年12月15日，家長教師會基督徒家長小組連同其他家長教師會委員，於學校圖書館門外協助老師派發聖誕節薑餅人曲奇餅及熱朱古力，為忙於考試的學生打氣。感謝各位家長教師會委員為學生準備薑餅人曲奇餅，亦感謝祈禱會家長Ms Catherine Kwok設計了圖書館門外富有聖誕氣氛及具基督降生意義的裝飾，增添不少節日氣氛。

此外，感恩邀請到資深教育家容馬珊兒校長蒞臨學校，與各位家長分享教育孩子的心得。當日有二十多名家長參加，分享會內容充實，各類管教孩子時遇到的情況引起不少家長的共鳴，在場各人踴躍交流，出席家長都獲益良多。
